

**Use as Steering Wheel Lock for A.T.V.
and Machinery**

Steering Wheel Lock

Many applications, one size fits all vehicles:
JCB, tractor, HGV.

Use this device when not in use to add extra
security to your vehicle.

Attach the plate with the chain around the
steering wheel to secure your vehicle.

Made from a steel plate and solid 16 mm
bar
secured with a padlock or U lock to prevent
a person from manoeuvring the vehicle.
